

Baltimore City English Dart League

Welcome to the B.C.E.D.L. !

Included in the Team Captains folder for darts are :

- 1) A copy of the schedule for all members of your team.
- 2) A new complete copy of the league rules. (If Needed)
- 3) A bar participation agreement.
- 4) A copy of team roster.

New Changes and some Old Reminders:

- * On schedules they will be showing when your two payments are due. Plus on the first payment (week 8) the bar fee and \$5.00 membership fee is due for all shooters on the team. Weekly dues are \$16.00 per team.
- * Both captains make sure that you go over score sheets at the end of the night to ensure scores and personal points are correct. Home team captains you must call in results by Friday 8:00 pm so your team don't get penalized. Visiting team captains please check stats every week to make sure home team called in right scores. (If not please call me). Home teams that don't call in scores and personal points in time will be penalized 1 point every week.
- * I will let you know how much your team owes by week 8 and week 16. It is your responsibility to get the money to me, Dana Webster or Tom Galster in time. If you don't pay on time for any reason, you will lose 5 personal points per week until paid up to date. (Once I take the points away you will not get them back when you pay). **THIS MEANS EVERYONE.**
- * If your bar is paying some of the dues you will have to get it by week 8.
- * If a number is not paid off by week 20 you forfeit all trophies.
- * (NO SMOKING) in bars! It might be hard to do, but please don't go outside to smoke while shooting a match. (Go before or after a match). We don't need all of those delays, some teams finish to late now. If it becomes a big problem than we will have to take proper measures. (Under rule 30 unnecessary delays).
- * My Friends is the only bar in Balto County where you have to be atleast 21 to shoot after 9:00 pm.
- * I think it is only fair to have another Sat party this season too. This way we can gauge a fall and spring party on Sat.
- * Instead of having a league meeting this season (by the way great turn out, last one 13 people). I will have a letter for you at party where the attendance is much higher. It will consist of things about this season and next.

HANDY CAP

- * There are no handy caps in doubles matches any more for anyone. Handy caps were given or not given to all shooters who deserve one. In most cases it was because of over all team strength or weakness. I did this to try and make all 8 teams in division 2B as even as possible. Plus make it easy to follow. After week 8 when all teams shot each other one time, and the rosters are set. I will go over handy caps to see if there needs to be any changes.

The following shooters all have the same handy caps.

301 - No double in, just double out. Start at 301. Single Cricket- you get one X in any box but corks.

All handy cap shooters will use there handy cap, even when shooting each other.
